

Employment Opportunity

Job Title	Ground to Flight
Location	Various
Status	Full-time
Compensation	\$18.54/hour + 4% Vacation + Northern Living Incentive

Why North Star Air?

If flying is your passion and you consider safety and quality of life as your priorities, then we want you to join our team! North Star Air offers you the opportunity to succeed in a projected career path with “real-world” experience in our great Canadian North, considered “the best training in the world.”

North Star Air is a rapidly growing airline with over 300 dedicated employees providing passenger, charter and cargo service in a safe and reliable environment. Our airline services over 50 remote Northern Ontario, Northern Manitoba and Nunavut locations with a fleet of 18 aircraft, including Pilatus PC-12, Basler BT-67, Dash 8-100 and ATR-72-500F. With 50+ departures daily, we fly over 24,000 hours per year, holding a Gold AR/GUS status.

We are a 604, 703, 704, 705 Operator based in Ontario. Our Ground to Flight positions are primarily based in Pickle Lake and Red Lake Ontario although other opportunities sometimes are available. If you have a base preference, we will try to work with you to make it happen, but we are only able to fill positions that we have open.

We offer a competitive pay scale with a comprehensive benefits package and attractive scheduling. You will spend time on the ground, during this time you will learn all the skills needed to become a First Officer in our fleet. We believe the best way to learning something is to live and do it and not just read about it. We have redesigned our Ground-to-Flight line to reflect this philosophy. It is our intention that you will be able to apply these skills once you are flying for us.

Relocation: We allow 30-day complimentary housing to help transition to our network and with possible availability to rent a room for \$900/month afterwards.

Skills & qualifications

The preferred candidates should meet the following requirements: CPL, Group 1 IFR, 250 hrs TT, IATRA, however we are sometimes willing to take some candidates who have at least 200 hours and a Group 3 IFR.

You must be enthusiastic, dedicated and hard-working with excellent communication skills and customer service skills. Northern flying and/or military flight experience would be considered an asset.

Interested candidates can email cover letter and resume/CV to: employment@northstarair.ca with the subject line “Ground to Flight”
