About North Star Air

We connect people, goods, and communities across the North. Our team is safety-driven, mission-focused, and proud to make a real impact every day.

Position Summary

If you are an Aircraft Maintenance Engineer and value an organization that promotes safety and a quality work life balance, then North Star Air would like to bring you to our organization and allow you to advance your career! North Star Air operates passenger and a dedicated cargo service with ATR 72-500, Dash 8-100/200/300, Basler DC3 Turbo Conversion, and PC-12 series aircraft.

Key Responsibilities

- **Concern for Safety:** Identifying hazardous and potential hazards while taking appropriate action to maintain a safe environment for NSA staff.
 - **Teamwork:** Able to collaboratively work with others to achieve organizational goals.
 - **Customer Service:** Providing service excellence to internal and external customers.
 - **Communication:** Listening and communication openly, honestly, effectively and respectfully with diverse audiences.
 - **Organization:** Must be flexible and organized with the ability to respond quickly in a dynamic and fast-paced working environment.
 - Must be able to work independently with minimal supervision and as part of a team.
 - Positive attitude and a willingness to learn, self-motivated.
-

What We're Looking For (Qualifications)

- Apprentice AMEs must be a graduate of an accredited Transport Canada approved Aircraft Maintenance Engineer program.
- Ability to obtain necessary airport security clearances and successfully complete the company screening process.
- PC12, Dash 8, ATR and/or Basler experience an asset
- Ability to make timely and informed decisions in a high-pressure environment.
- Must hold a valid Canadian driver's license.
- Must have own non-specialized tools
- Ability to lift 50 LBS

Working Conditions

- Overtime as required
- Evening and Weekend work required at 12-hour shifts
